

KARTIKEY GUPTA

FULL-STACK DEVELOPER

PROFESSIONAL SUMMARY

Full-Stack Developer with 5+ years of experience in building scalable web and mobile applications. Skilled in Java, Spring Boot, Python, Node.js, React, SQL, AWS, and RESTful APIs. Experienced in backend development, API integration, and database optimization, with strong focus on performance, security, and clean architecture. Proven ability to lead teams, review code, and deliver efficient, maintainable software.

WORK EXPERIENCE

Full-Stack Developer | Jan 2023 - Present

Evren

- Developed and optimized a scalable Admin & Support Portal for OS management, migrating the backend from Python to Node.js for better performance and scalability, implementing multi-tiered access controls, and building intuitive React interfaces resulting in a 40% increase in portal usage.
- Built a Python-based automation tool for log analysis & monitoring, reducing manual debugging time by 50% and optimizing backend APIs to cut response times by 30% through query optimization.

Full-Stack Developer | Jul 2021 - Dec 2022

Bestpeers Infosystem

- Developed and optimized web, mobile, and smartwatch applications using ReactJS, React Native, and Node.js, improving performance by 25% and ensuring scalable, high-quality code through database query optimization.
- Led a team of 3 developers, conducting code reviews, mentoring juniors, and resolving critical bugs, memory leaks, and security vulnerabilities, reducing bug reports by 35% and enhancing system reliability.

Software Developer | Jan 2020 - Jun 2021

FIS Global (Worldpay)

- Built backend services and REST APIs using Java and Spring Boot, achieving 100% functional coverage and reducing manual testing time by 80% while ensuring higher reliability and scalability.
- Developed an ETL tool with Java, Spring Boot, and SQL to sync data between multiple databases and Salesforce, streamlining synchronization and improving accuracy by 95% while maintaining and enhancing existing business applications.

ACADEMIC HISTORY

RGPV University, LNCT College | 2015-2019

Bachelor of Engineering (Computer Science)

CERTIFICATION

Machine Learning with R - Level 1

IBM

MongoDB

MongoDB, Inc

Big Data Foundations - Level 2

IBM

Big Data and ML Training

Appin Technologies
