

KARTIKEY GUPTA

FULL-STACK DEVELOPER

PROFESSIONAL SUMMARY

Full-Stack Developer with 5+ years of experience building scalable web and mobile applications, with a strong focus on ReactJS and React Native for high-performance, responsive UIs. Skilled in Python, Node.js, SQL, AWS, and RESTful APIs. Experienced in backend development, API integration, and database optimization, emphasizing clean architecture, performance, and security. Proven ability to lead teams, conduct code reviews, and deliver maintainable, user-centric software.

WORK EXPERIENCE

Full-Stack Developer | Jan 2023 - Present

Evren

- Rebuilt the entire Admin & Support Portal UI in React from scratch, creating internal OS-facing interfaces and a log-based reporting dashboard. Used custom hooks, Context API, memoization, and lazy loading to deliver smoother workflows and improve portal engagement by 40%.
- Developed a Python automation tool for structured log analysis to power the reporting UI with real-time insights, cutting debugging time by 50% and improving visibility across dashboards.

Full-Stack Developer | Jul 2021 - Dec 2022

Bestpeers Infosystem

- Built and optimized web, mobile, and smartwatch apps using ReactJS, React Native, and Node.js. Applied advanced React patterns (Redux, Context API, custom hooks, memoization) to improve UI performance by 25% and ensured scalable, reliable APIs and database queries.
- Led a team of 3 developers, guiding architecture, conducting code reviews, and fixing major bugs, memory leaks, and security issues — reducing bug reports by 35% and boosting overall system stability.

Software Developer | Jan 2020 - Jun 2021

FIS Global (Worldpay)

- Built backend services and REST APIs using Java and Spring Boot, achieving 100% functional coverage and reducing manual testing time by 80% while ensuring higher reliability and scalability.
- Developed an ETL tool with Java, Spring Boot, and SQL to sync data between multiple databases and Salesforce, streamlining synchronization and improving accuracy by 95% while maintaining and enhancing existing business applications.

ACADEMIC HISTORY

RGPV University, LNCT College | 2015-2019

Bachelor of Engineering (Computer Science)

CERTIFICATION

Machine Learning with R - Level 1

IBM

MongoDB

MongoDB, Inc

Big Data Foundations - Level 2

IBM

Big Data and ML Training

Appin Technologies
